## Perfect Turf®- Bocce 125

### Description:

Perfect Turf® - Bocce 125 is our 1.25" premium polypropylene synthetic turf that is the choice of professional installers around the country. At 1.25" in height it requires approximately 6-8 pounds of infill per square foot. The deep infill helps it handle the thrown Bocce ball and yet provide an excellent rolling surface capable of a wide range of speeds as desired by the owner. Long-lasting, easy to maintain and very economical.

**Applications:** Bocce Courts, Golf Greens
